

Ortega branch library

Bureau Of Architecture
Department of Public Works
City and County of San Francisco

Site

- Remove portion of south fence to open Library to the Rec. & Park Public Plaza
- Revise entry court per Arts Commission – Phase I comment

Building

- South façade changed to allow for 400 SF expansion of program room and direct access to Public Plaza
- Roof was extended 10' towards Public Plaza to provide sheltered terrace south of program room
- Limit The Living Roof to areas above Program Room and Children Area
- Library will meet Green Building LEED Silver

- The building site is located on Ortega Street and 39th Ave., adjacent to Rec. & Park complex playground which covers (10) city blocks.
- A unique feature of this site is its location. The current Library is sited on a level platform that is 10 feet above street level at the west end of the site. The site provides a nice view to Pacific Ocean

View looking at main entrance to the Library from Ortega Street. A.P. Giannini Middle School on the left.

View to existing site of the library from Ortega Street. Existing branch library is behind the trees.

View from Library site looking toward the ocean. Sunset Elementary School is 10 feet below the existing Library site.

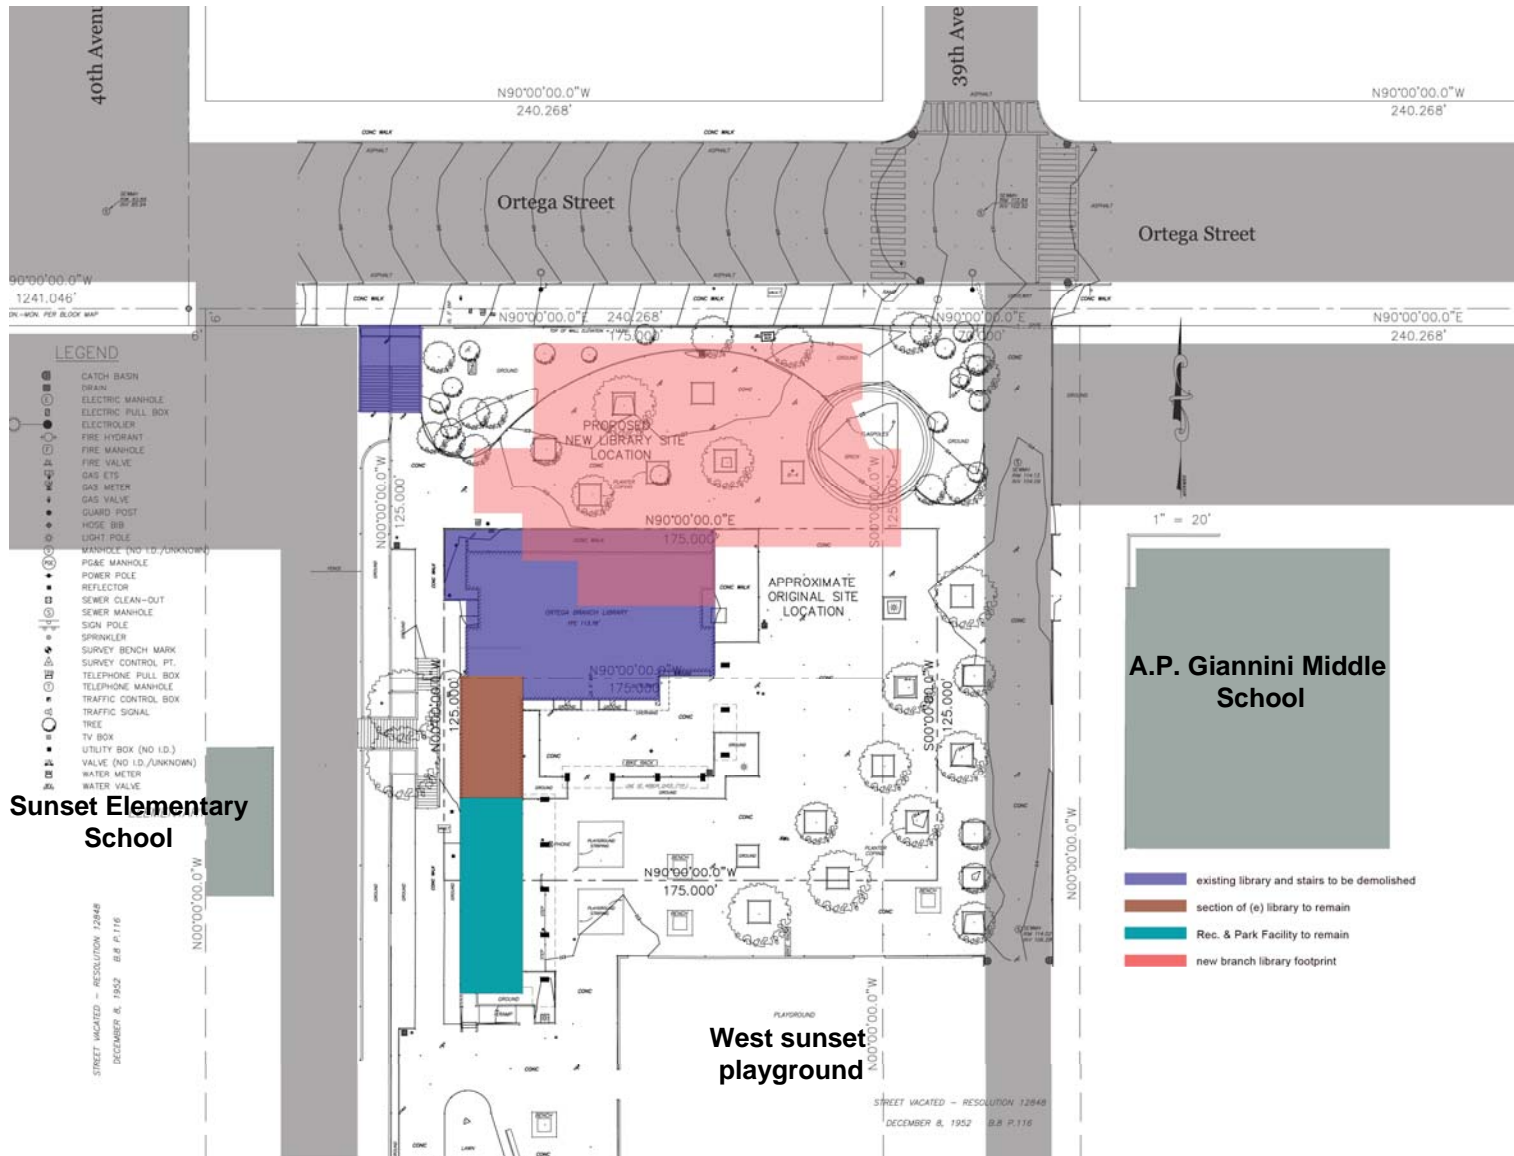

View from Library site toward 39th Avenue

View of Retaining Wall to remain
