February 5, 2009

Field Paoli / Joseph Chow Associates

Project Goals:

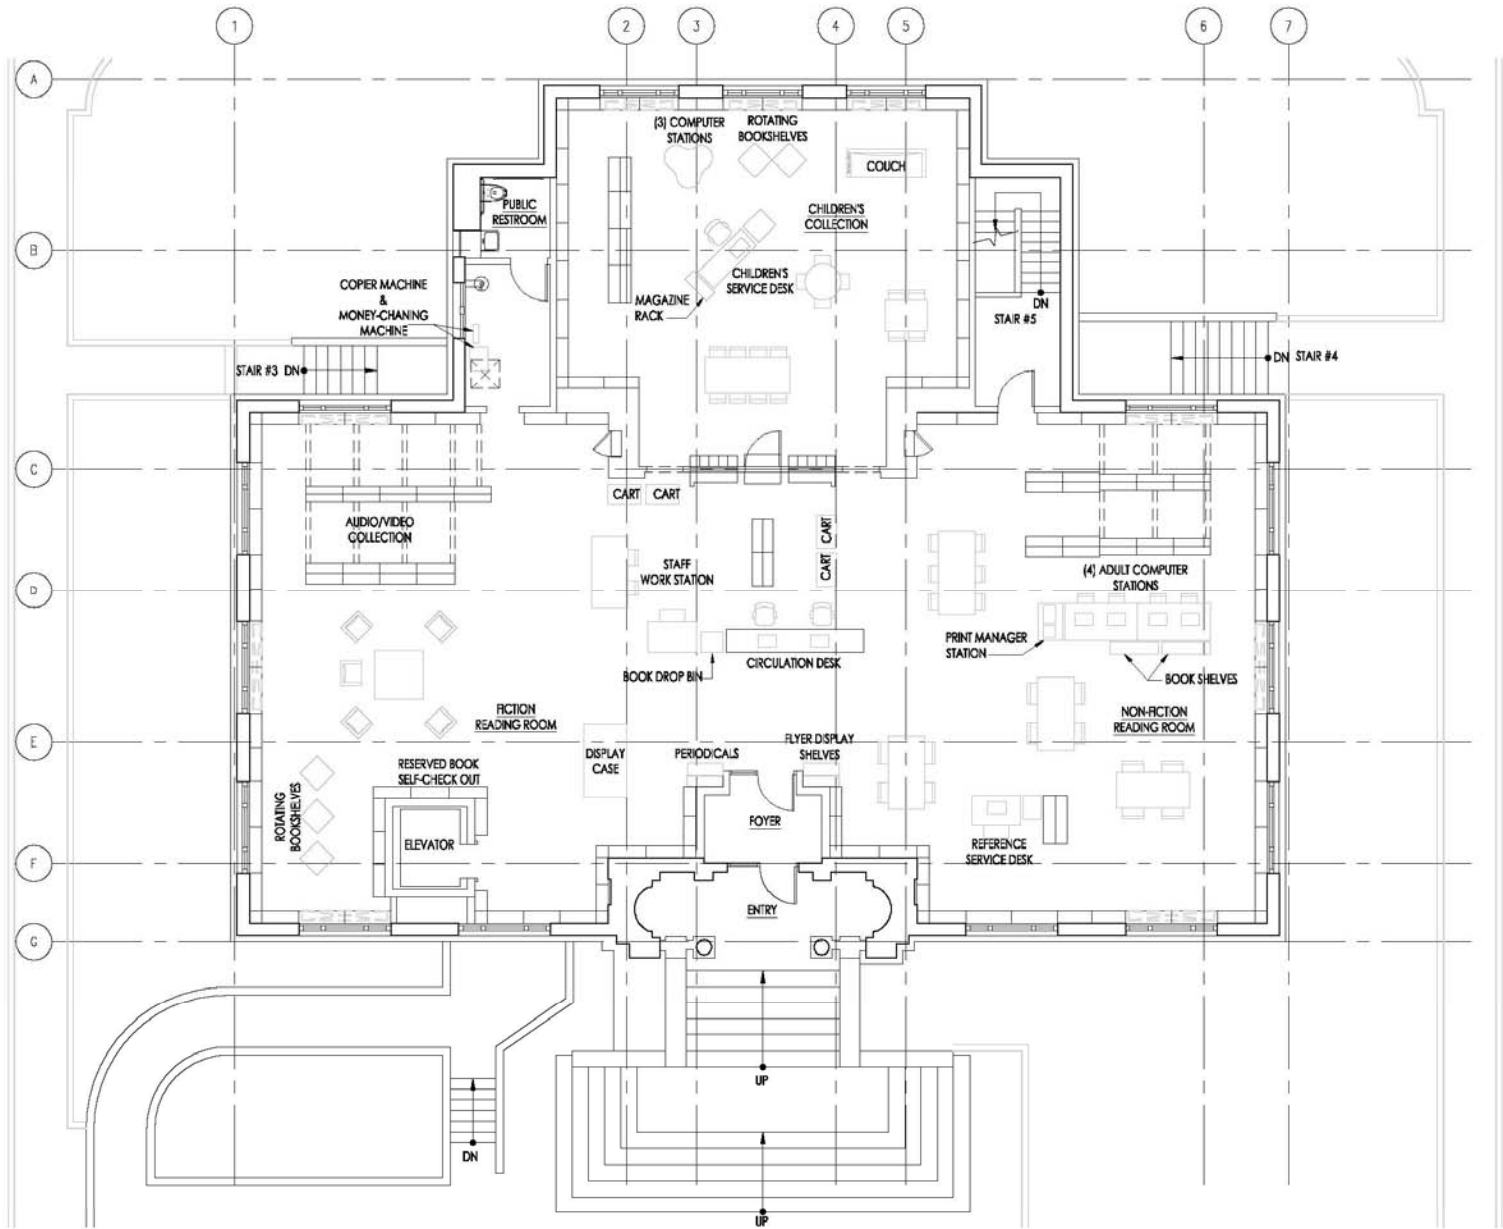

- Improve interior conditions for patrons and staff
- Address the concerns of community members
- Increase the number of computers
- Retain the warm, comfortable character of the spaces
- Create a defined teen area and enhance the children's space
- Improve universal access
- Address code concerns such as insufficient restrooms

Project Goals:

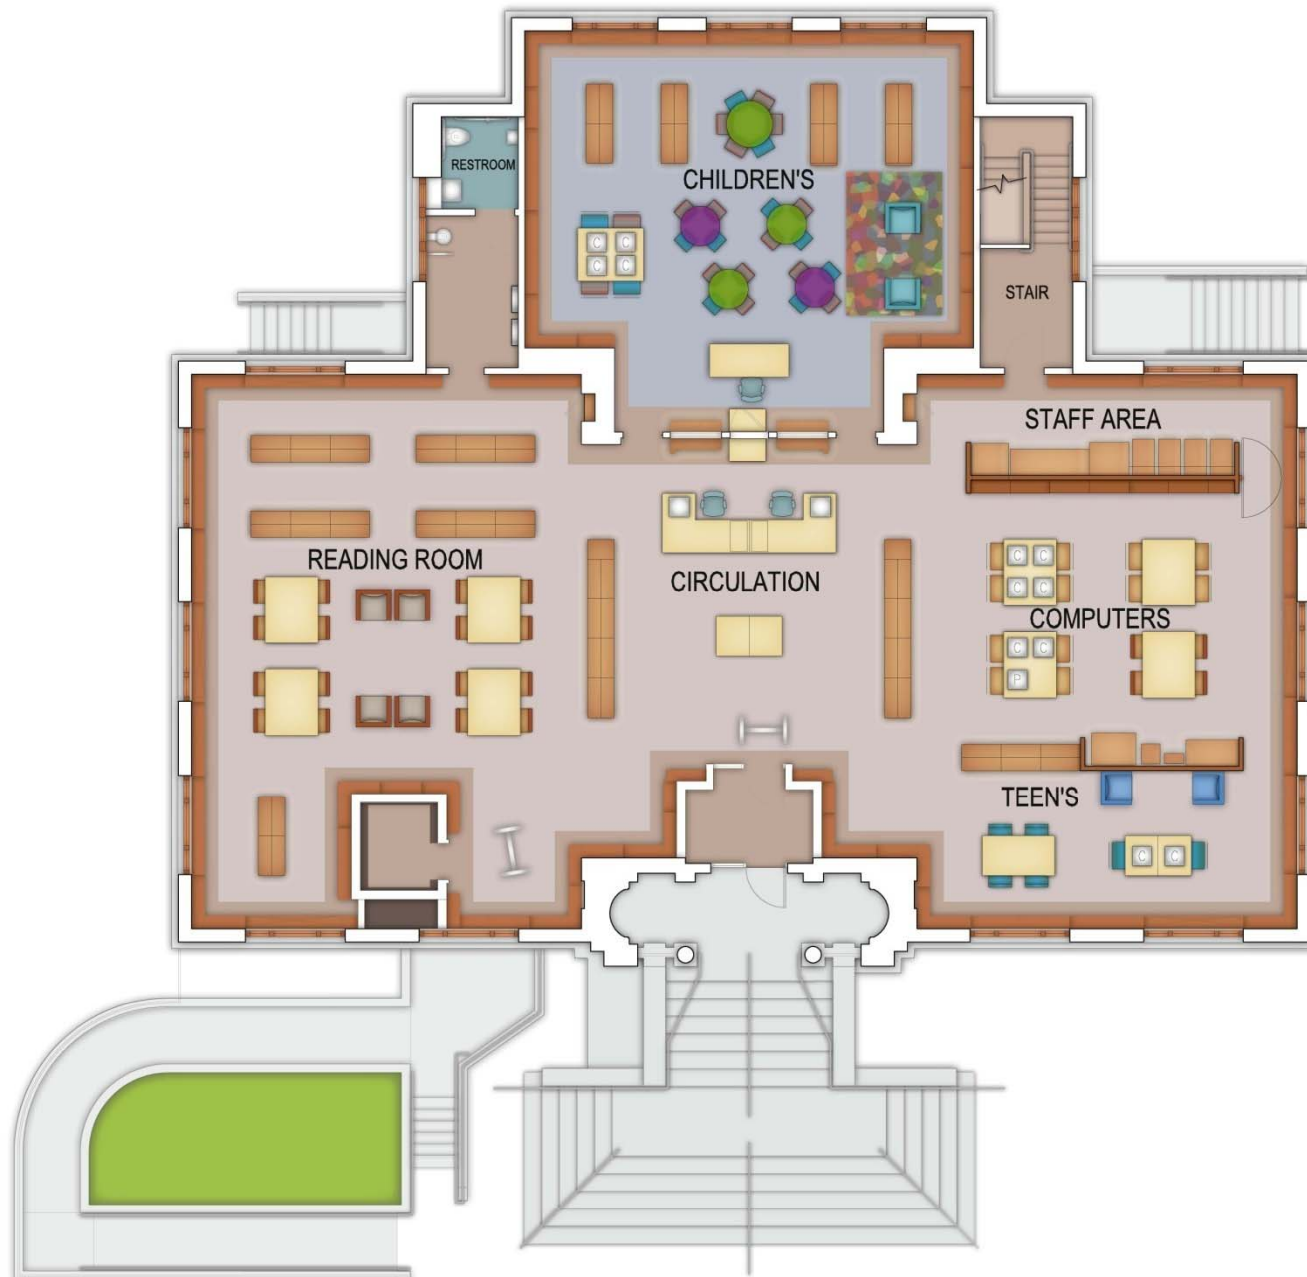

- Increase energy efficiency and water conservation
- Use recycled and renewable materials where possible
- Improve lighting and environmental comfort
- Introduce self-service features for patrons
- Renovate the exterior per historic architects guidelines (just added to the scope)
- Work within a very limited budget
